### SIMON.

Special Correspondence.

Simon, J. T., June 18.—Mrs. T. M. Culwell is in Honey Grove, Tex., this week, visiting her little niece, Louise Byrne, who is not expected to survive an attack of meningitis.

The past week has been very favor-able to growing crops. Corn is look-ing fine and promises a big yield. Cot-ton is still backward. Scarcity of farm labor has been a great drawback to the cotton crop. A few more days of fair weather, however, will change the outlook considerably.

M. L. Mitchell visited Ardmore Monday to get everything ready to take charge of Simon and Ardmore mail line July 1st.

### How to Break up a Cold.

It may be a surprise to many to learn that a severe cold can be com-pletely broken up in one or two days' time. The first symptoms of a cold are a dry, loud cough, a profuse watery discharge from the nose, and a thin, white coating on the tongue. When Chamberlain's cough remedy is taken every hour on the first appearance of these symptoms it counteracts the ef-fect of the cold and restores the sys-tem to a healthy condition within a day or two. For sale by F. J. Ramsey, W. B. Frame, Ardmore Drug Co., Bon-ner & Bonner.

Everybody can afford to buy a Gain-mor Steel Range, from Stevens, Kennerly & Spragins Co.
